## Essay on Importance of Education.

Education is important in every sphere of life. In today's era success can never be imagined without education. Education gives us the knowledge of the world around us and changes it something better. It develops in us a perspective of looking at life. It helps us to build perspective of looking at life. It helps us build opinions and have points of views on things in life. Education is the only thing that gives knowledge. Education is the process of gaining information about the surrounding world.

Education makes us capable of interpreting things among other things. It is not just about lessons in textbooks. It is also about the lessons of life. Education is must for every person living in this world. Education is very important in our life.

It is education that teaches man in many things to make a better citizens. Education teaches man the manners, rules and regulations of life. Education teaches man in to conceive good thoughts and ideas.

Education ensures a bright future. An educated person lives a happy life always. Education wakes the hidden ~~late~~ talent and skills of any person. The hidden talent and ~~give~~ skills give us employment and a completely secure future. It is the education that helps the man ~~to~~ in achieving new heights of life.

Education helps people grow as individuals and build character. Education helps people to build social skills, problem solving skills, decision making skills and creative thinking skills. Education also provides a stepping stone to the real world, offering many different courses on proper financial techniques, life planning and personal development.

Education has become a part of our life as education now a day is needed every where it is literally a part of our life. Education increases our understanding of the differences between right and wrong. It is the only thing by which we can see the world as a fair place where everyone is given equal opportunities.

It is education which makes a man a good human being and can help us achieve the supreme goal of life. It builds the qualities of humility, strength and honesty in person. They become better citizens of a country.

Thus, education is the most important ingredient to change the world. It helps us to acquire knowledge and that knowledge can be used to make a better living.

It plays an important role in the development of the society and overall development of the nation as well. Education leads to a successful future.
